

# MCFA Job Opportunity

## Certified Energy Manager – San Antonio, TX

MCFA is a Service-Disabled Veteran-Owned small business specializing in strategy, planning, program, and construction management services. We employ energetic and passionate professionals and technicians who provide leadership and support of requirements for military missions, installations and local agencies across the U.S. Our team thrives in demanding, fast-paced environments. We pride ourselves on bringing innovation and excellence to the missions we serve. Since 2003, our success has been driven by our culture. Our culture is driven by our core values. Our core values drive and motivate our team. If you think you would thrive in our firm, we want you to be part of our growing team! We want to hear from you. Please check out our opportunity below and all postings at [careers@mcfaglobal.com](mailto:careers@mcfaglobal.com).

### Certified Energy Manager

Installation Management Command, San Antonio, TX

#### What the position offers you:

- Provide key problem-solving services to support energy management, reporting and use reduction goals at Army installations across the U.S.
- Participate in recommendations for energy management and savings measures for buildings, equipment or systems
- Develop and implement an energy awareness program for federal installations

#### What we require of you for this position:

- Alignment with the MCFA Core Values
- Certified Energy Manager (CEM) credentials
- 3-8+ years of experience in energy management (3 years with a P.E. or 8 years with a 2-year technical degree)
- Documented ability to achieve substantial energy savings in facility management
- Working knowledge in various energy estimating software packages, documenting and monitoring maintenance procedures, methods of energy calculations, understanding of the Army Energy and Water Reporting System (AEWRS), and all pertinent regulations
- Ability to evaluate the accuracy of utility billings and advise on the most beneficial rate structure
- Ability to work effectively on-site in a team environment
- Ability to travel to various Army installations across the U.S.
- US Citizenship and ability to receive US Government contractor credentials and authorization to work at a military installation

### MCFA Core Values

**White Glove Customer Service** – Our clients are our business – past, present and future. And our firm was built to serve them and solve their problems. Our founders came from the hospitality industry and we think that every professional service engagement should be a White Glove experience!

**Extreme Ownership** – MCFA hires people who own the problems, projects and clients we support. We train our team members to think like the project owner and a business owner. This creates a sense of urgency, a proactive approach and a level of attention to detail unmatched in our industry.

**Teamwork** - Our team is composed of highly qualified, collaborative professionals who never hesitate to jump in and assist our clients or another team member. We value teamwork and recognize good ideas come from many minds, perspectives and points of view working together to create solutions to complex problems.

**Intentional Creativity** – We believe value comes from innovation and innovation comes from creativity. Creativity comes from brainstorming about ideas and the best way to a good idea is to have a lot of ideas. At MCFA we approach projects from every angle to come up with the best solutions to our client's problems...we think big and we think outside the box.

**Fun** – Life is too short to not enjoy what you do and the people you work with. We aren't looking for people who are trading time for money. We want people who love to do the work, take care of our clients, execute our projects and are a pleasure to work with.
