## Military and Federal Facilities Senior “Planchitect”

### mcfa Military and Federal Facilities Senior “Planchitect” Job Opportunity

**Definition: mcfa planchitect [ plan'-ki-tekt ]** – noun: *a highly capable and motivated person who engages in technical work that is grounded in the professions of planning, architecture and landscape architecture for the express purposes of creating and accelerating entrepreneurial project development solutions for facilities and infrastructure programs in support of agency mission requirements.*

#### What the opportunity offers you:

- **Show your Expertise** - Be the senior technical project lead and primary client relationship manager for planning and project development studies for a wide variety of military and other federal agency facilities, installations and missions across the Mid-Atlantic and CONUS
- **Bring Value to Agency Infrastructure Champions** – Leverage mcfa resources and your personal background and experiences to solve mission critical infrastructure deficiencies and project execution challenges
- **Build a Team** – Develop and harness the capabilities of team of diverse multi-discipline professionals to develop creative solutions to mission and facility alignment deficiencies
- **Build a Practice** – Grow into a robust Client/Practice Leader roll and build an industry-leading facilities planning team or on-site program management office

#### What we need from you:

- **Gets it, Wants it and Capacity to Execute (GWC)** - Alignment with the mcfa Core Values of **White Glove Customer Service, Intentional Creativity and Curiosity, Extreme Ownership, Teamwork, and Fun**
- **Experience and Achievements** – 12+ years of demonstrated technical leadership in the development of master plans and project development programs for major military and federal facilities, missions, installations, campuses, or enterprises
- **Industry Credentials** – Professional certifications as an AICP Certified Planner, Registered Architect, Professional Engineer, or Registered Landscape Architect
- **Technical Expertise** – Strong skills in problem solving, critical thinking, development of course of action alternatives, evaluation of alternatives, and developing technical reports and presentations, project schedules and workplans
- **Travel** - Ability to travel periodically to various military and federal installations across the U.S. and attend and share your expertise and client success stories at key industry conferences
- **Work Authorization:** US Citizenship, the ability to receive US Government contractor credentials and authorization to work at Department of Defense military installations and other federal agency facilities
